

Mitigation Technician

Restorations by Highmark is seeking full-time Mitigation Technicians. Our technicians frequently work in conditions involving fire/smoke damage, water damage, mold, biohazard, and various other situations to help clients and properties recover from damage due to unforeseen disasters. The ideal candidate will enjoy a variety of work duties that almost never lead to the same repetitive, daily work. You must have a positive attitude, enjoy working as part of a team, have the ability to problem solve, and be willing to step up to a challenge when clients are in need. We offer competitive benefits and wages, including bonuses.

Restorations by Highmark offers advancement opportunities from within and pride ourselves in not only helping our clients but also helping our employees find the perfect fit within our company. We train our employees and offer education opportunities related to our field of work so our employees can show up at each job confident and knowledgeable.
